Mr Green:

This was the only photo
I could find. It was taken by
Frank Glasgow Dec 5 1926. I
graduated from high school in
'25. I had just turned sixteen when
this was taken (after graduation).
It just shows the front window
There was more building to the
North.

Ernest Dayton was first owner

Tom Van Wagener 2nd owner

Edith Van Wagener 3rd

The building extended quite a
number of feet to the west and
had several stools in it. There
was a good size window on
the south that we could serve
from.

This was taken before we
named it The Bow-Wow & run
The hot dogs + hamburgers we
served were big, juicy ones
and were only 10¢ we had a
good business. We served drinks
Candy bars, many odds + ends
of eatables. The building was
eventually moved to Midway
Sold to Dow Epperson. He added
on ^{had} a cafe on the corner near

2
Dear Luke's eating place.
Did you know the first little
show in Heber was where the
Green service station was located
It had the bouncing ball sequence
I was very young but remember
sitting on mother's lap.
Then there was a bowling alley
+ show right by it later owned
by Bliss Titus.

Good luck
